Students may declare a major for the Bachelor of Arts degree after completing 15 credit hours or one semester. After declaring a major, the student will receive access to an online Academic Plan which lists courses already taken and those still outstanding toward the completion of the degree. Degree requirements are those in effect at the time the declaration is made.

The Bachelor of Arts degree requires 120 credits (or 125 credits if declaring under a Catalog prior to Fall 2014). At least 60 credits must be completed at Franklin, of which 30 credits must be in the major. Students must maintain a final cumulative grade point average of 2.0 in order to graduate, including a GPA of 2.0 for all courses in the major and 2.0 for all courses in the minor.
