Vice President for Enrollment Management and Marketing in Lugano, Switzerland

Franklin University Switzerland, a leader in international higher education, invites applications and nominations for the position of Vice President for Enrollment Management and Marketing on our campus in Lugano, Switzerland, an hour from Milan, Italy. This position reports directly to the President of the University and will be a member of the President’s Cabinet and the University’s Leadership Team. Franklin University Switzerland is searching for an innovative, dedicated, passionate and experienced enrollment professional to assume the newly created position of Vice President for Enrollment Management and Marketing. The Vice President provides vision and leadership to the University in all areas of Enrollment Management including overseeing the Offices of Admissions, Financial Aid, Study Abroad, and Enrollment Marketing while guided by the University’s Mission, Vision and Values. Staff who report to this position are located in Lugano and across the United States.

The successful candidate will have a broad understanding of the competitive challenges, technological opportunities, and cutting-edge enrollment management practices in this rapidly changing higher education landscape. The University is looking for an individual who will lead with creativity, integrity, inclusiveness, sound judgment, wisdom, passion, and energy, engendering a team approach. The Vice President for Enrollment Management & Marketing will partner with the Deans for Academic Affairs and for Student Affairs, senior leadership, faculty, and students while assuming broad leadership within the University for all New Student Enrollment and retention initiatives, including study-abroad partnerships with other institutions.

The Vice President for Enrollment Management & Marketing will be a leader who can motivate and manage staff committed to academic excellence, and who can develop and implement innovative and state-of-the-art enrollment strategies that involve the entire University community. The Vice President will bring proven success in leading a campus-wide integrated enrollment program that aligns University goals and aspirations. The Vice President will support the development of a high-quality, data driven, and evidence-based strategic enrollment program for a global University.

Responsibilities:

- Develop, articulate, implement, and evaluate a dynamic, forward-looking, thoughtful and comprehensive strategic enrollment management plan that aligns with the University’s strategic initiatives at both the graduate and undergraduate level, ensuring a strong link between student demand, university-wide priorities and financial planning.
- Ensure the delivery of quality, student-oriented financial aid and enrollment services by developing and implementing efficient, effective, and integrated policies, procedures and systems.
- Build and maintain strong, collaborative and facilitative relationships with leadership across the University, working collegially with the Academic Dean, the Board of Trustees, faculty, and others to develop and implement short- and long-term enrollment plans for open and systematic communication and sharing of knowledge across the University.
- Recommend and implement techniques and strategies to improve department policies, practices, and communications to increase efficiency and access to services.
- Further the development and implementation of the University’s comprehensive strategic enrollment processes, graduate as well as undergraduate, including market research and segmentation, performance marketing, promotional strategies, recruitment tactics, admission practices, and enrollment advising to meet the University’s enrollment goals.
Continue to increase academic quality in the incoming classes; growing enrollments in specific programs and departments; growing geographic diversity; growing socioeconomic and racial diversity; and, managing the discount rate.

Establish strategic direction, priorities and goals for the overall strategic enrollment management organization making data-informed proposals and decisions and linking budgets and expenditures to measurable outcomes while seeking both standard and creative ways to achieve enrollment goals.

Develop and effectively administer departmental budgets, including budget forecasting, planning and monitoring of expenditures.

Engage the entire campus community in discussing enrollment management vision and strategy, fostering a culture of openness, inclusion and precision.

Utilize technology and innovation to enhance enrollment and admissions/recruitment processes and deliver enrollment and registration services in a manner that reinforces efforts to recruit and retain students.

Analyze business intelligence and analytics results and modeling to detect positive/negative performance trends and develop action plans to increase/correct those trends.

Perform other duties as assigned.

Qualifications:

- An understanding and commitment to promote the Mission of the University as an international institution that strives to provide a global perspective that educates leaders who will fashion a more humane and just world.

- Master’s degree in relevant field.

- Ten or more years of progressively responsible leadership, experience working in Strategic Enrollment Management and a demonstrated commitment to academic excellence and to fulfilling the Mission of the University.

- A breadth of experience in multiple data-based student and enrollment service areas and a strong understanding of the use of current and emerging technologies, techniques and strategies including the optimization of CRM, performance marketing, search optimization, lead acquisition, social media, etc.

- Ability to provide strong leadership while engendering trust and exhibiting excellence and transparency.

- Ability to engage staff in building on past successes while fostering change.

- Knowledge of national and international trends and developments in recruitment, admissions, retention, financial aid, and a commitment to outcomes, assessment, modeling and strategic planning.

- Outstanding oral, written and interpersonal communication skills with the ability to listen and collaborate with diverse audiences and acting as a team player in support of the University.
Experience and success at leading change across a complex organization.
Skills in establishing and maintaining effective working relationships with students, staff, faculty, alumni, and the public.
Commitment to an organizational culture marked by trust, integrity, ethics, professionalism, inclusiveness, and respect for diversity in all its forms.
